## Fifty Spasms a Day.

Had Mrs. H. A. Gardner, of Vinitia Ind., lived two thousand years ago she would have been thought to be possessed by evil spirits. She was subject to nervous prostration, headache, dizziness, backache, palpitation and forty to fifty spasms a day. Though having been treated by eight physicians for years without success, she was permanently cured by one bottle of Dr. Miles' Restorative Nervine. A trial bottle of this new and wonderful medicine and a finely illustrated treatise free at J. W. Gayle's drug store, who recommends and guarantees it.

## Blasphemy.

### Editor Roundabout.

"What is the use of cursing in common conversation?" This question was recently asked by a father, whose son was swearing outrageously in his presence. The question was a very pertinent one, but would it not have been better if the father had asked what necessity there is for swearing in either "common" or "uncommon" conversation? Has blasphemy become fashionable? It would seem so from the number of persons who engage in the most disgusting and highly elevating practice. A lady or child cannot pass along the street without having their ears assailed with language calculated to bring the blush of indignation to the cheek. All classes, ages, nations and tribes vie with one another as to which can become the most profane in this enterprising accomplishment. A lady traveling in another State not long since, stated that the air was freighted with the fearful oaths of a United States Senator, who occupied the adjoining seat in the car. He seemed to think that terrible maledictions and anathemas were absolutely necessary in order to make himself understood. Indeed it appears that the English language cannot be made clear or emphatic without being mixed with profanity, and from the present rate of progression it will not be many years before every other word will be a "cuss" word.

T. B. Ford.

## Harsh, But—?

"Ho," said a well-known statesman, "I shall never believe that woman has the proper judgment and sense to cast a ballot, or interfere in politics, while she is so weak-minded as to passively suffer, year after year, from diseases peculiar to females, when every newspaper she picks up, tells of the merits of Dr. Pierce's Favorite Prescription. Not to take advantage of this remedy is certainly an indication of mental weakness."

There is a wholesome kernel of truth inside the rough shell of this assailant speech. The "Favorite Prescription" is invaluable in all uterine troubles, inflammations, ulcerations, displacements, nervous disorders, prostration, exhaustion, or hysteria. For run-down, worn-out women, no more strengthening tonic or nerve is known.

## Forks of Elkhorn.

Regular services at Buck Run tomorrow; both morning and night, at 11 and 8 respectively.

Rev. F. W. Eberhardt has returned home from a visit to Louisville.

By visiting the County Teachers' Association, trustees may be enlightened as to who the live teachers are.

In an experience of 30 years as teacher, we have never yet found a single grumbler or fault-finder among the patrons who have sent regularly to school. But on the contrary those who send but little or probably not at all are the croakers.

Two gentlemen in our vicinity, while preparing for bed one night last week, killed 350 fleas and declare as many escaped as they killed. Next.

Rev. Gibson assisted pastor Clubb in the services at the Christian Church last Saturday night and Sunday.

Mr. J. C. Demaree, of Henry county, visited friends in this vicinity the first of the week.

Mrs. Mary Belle Barrell and infant, of Texas, are visiting her parents Mr. and Mrs. L. F. Cox, at Stedmanville.

Some of the farmers in this section are complaining that a worm is destroying the potato vines, thus cutting the growth of the tuber. Who will give a remedy.

We are glad to announce that Mr. Church and Mr. Stedman are each very much improved since last report.

Bro. Burdlin is engaged in protracted meeting at Beech Ridge, Shelby county. He reports several additions to date.

Next Saturday, July 4th, Franklin county will be holding a Teachers' Association in Gen. Scott

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 27, 1889.

## Royal Baking Powder

ABSOLUTELY PURE

Brown's grove, near the K. M. I. Shelby county has signified her willingness to present, represented by the educational talent of her precincts. Now, teachers of Franklin, act well your part, come prepared to assist earnestly in this great enterprise, thus clearing your own conscience and gaining the hearty approval of your trustees and patrons. The committee of ladies, whose names appeared in a previous issue of the ROUNDABOUT, will see to it that ample provisions are made for the comfort and enjoyment of all, even the most fastidious epicure may expect to be perfectly satisfied.

The tragic death of Charles Jenkins, at Bridgeport last week, indeed casts a gloom over households where he was known. Having known him as pupil, citizen, christian and the closer ties of kinship, we feel compelled to judge of his inestimable worth. In all of these walks of life he was true and firm. To the bereaved widow and little son we would say, God never makes a mistake. Therefore, rest assured he has a wise purpose in view, and that this affliction will work out for you a far more exceeding and eternal weight of glory.

The failure of the company contracted with to span North Elkhorn with a bridge according to specified time very much hinders every project in this section. We hope that the honorable county court will speedily have the defect remedied.

FOR SALE OR RENT—Cottage containing five rooms, situated on Cross street, South Side. Delightful location and all necessary conveniences. Apply to Mrs. Mary Brown Day, State Librarian. 32-1f.

## A Romance.

She was fair—and my passion begun! She smiled—and I could not but love! But when from afar I detected catarrh. No beauty my passion could move! In despair she sought doctors in vain, 'Till she learned of "Humanity's boon." Now her breath is as sweet as the

Which falls upon roses in June. To-night, as we sit in our home, And I kiss her sweet lips o'er and o'er, We bless Dr. Sage in our bliss. For the joy that he brought to our door. There is no disease more trying to friendship than catarrh! The constant effort to clear the throat and nose, the foul breath, all the features of the disease, make it as much cause to bless Dr. Sage for his "Catarrh Remedy." The manufacturer offers to forfeit \$500 for any case they cannot cure.

Across the Deep, to the Far West, In steamboats, cars and stage-coaches, Hostetter's Stomach Bitters is carried as the most important item in the materia medica of the traveling public. It dispels vitiated, brackish water of its hurtful properties and excruciating flavor, counteracts the pernicious effects upon the stomach of bad or indigestible food, remedies cramps, heartburn and wind upon the stomach. It is a defense against malarial disorders, nullifies the effects of excessive heat and damp, relieves dizziness, headache, and is an incomparable cure for indigestion and biliousness. The salubrious travel often tells most disastrously upon invalids and convalescents, occasionally to such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will find provided with the Bitters, be far less likely to have their fears realized.

The Crutcher & Starks Club went down to Pleasantville on Wednesday and played a game with the club of that place, at the Masonic picnic in the beautiful park of Mr. Ike LeCompte. The game was closely contested from beginning to end and quite interesting. The Pleasantville boys outbatted our team, but were not so strong in the field. The game was umpired by Judge Jas. V. Pierce, of New Castle, who was exceedingly fair and impartial in all his decisions. Following is the score:

tion of the Legislature, probably about the 22d of February. In order to prepare plans and programs for the re-union, a number of the leading writers and authors will hold a preliminary consultation meeting at the law office of John L. Scott, in Frankfort, on Wednesday, the 12th of August next, at which meeting plans will be adopted to make the re-union in February one of the most interesting and important meetings for literature ever held in the South.

P. H. CARPENTER.

The Scaffold Fell.

George Mann, a convict who was sent to the Penitentiary from Louisville, in April, 1887, for life for the murder of Emma Mann, sustained a very serious injury Tuesday evening. He was at work on a scaffold in the Penitentiary when it fell and precipitated him to the ground, a distance of sixteen feet or more. His foot turned at the ankle as it struck the ground and the weight of the fall broke the leaders and caused the bones at the ankle to protrude through the skin. Dr. Tobin, the prison physician, hopes to save Mann's foot from amputation, but it is doubtful, as Mann was in a critical condition.

An Agent Drowned.

Thursday morning, Mr. C. C. Beatty, an agent of an eastern Sewing Machine company, who was taking a raft of walnut logs to Madison, Indiana, for his company, was passing over White Oak shoal, just below Irvin, on the Kentucky river, when the raft struck a sand bar and went to pieces. Beatty jumped into the river and attempted to swim ashore but was drowned by the swift current. The man who was with him came on here and telegraphed Beatty's friends of his death.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. For sale by P. H. CARPENTER, Druggist.

WE CAN AND DO.

## FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky as second-class matter.

GEO. A. LEWIS, Editor and Publisher.

FRANKFORT, JUNE 27, 1891.

### The Mission Band.

The annual meeting of the Mission Band of the Christian Church was held Sunday evening, the exercises at which consisted of songs and recitations by the children of the Sunday school, and were very interesting. The mission jugs were opened and a count of their contents showed that \$129 had been raised for mission purposes during the year. Little Miss Natalie McDaniel was awarded a gold thimble as a prize for her zeal and industry in raising money for her jug and Mr. James R. Banta was also awarded a souvenir spoon as a reward for his efforts in the same direction. The annual report of the treasurer of the society showed quite a net sum on hand.

Notwithstanding the warm weather a congregation which filled the Church to its utmost capacity was present to witness the ceremonies.

### Jessamine Female Institute.

The thirty-fifth scholastic year of this most excellent academy for young ladies and little girls will begin on Monday, September 14th. Miss M. F. Hewitt, for many years a resident of this city, is the principal of the institution, and is assisted by an able corps of teachers. Parents having daughters to educate cannot find a better school in Central Kentucky at which to place them, as the course of instruction is thorough and the same watchful care is maintained over every pupil that they would receive at home.

The location is healthful, the buildings handsome and admirably adapted to the purposes of a first-class boarding school. Read the advertisement in another column and then write to Miss Hewitt, at Nicholasville, for a catalogue.

### Bicycle Step Ladder.

Mr. R. K. McClure has just put in his boot and shoe establishment one of the above conveniences for the purpose of aiding his clerks in reaching the boxes of shoes on the top shelves. The ladder is arranged to run upon trucks, which work upon a track laid on the ledge above the drawers in the shelving, and is kept in position by hooks placed upon the upper end of the ladder, which work along a rod attached to the shelves. It can be rapidly run from one end of the shelving to the other and is never out of the way when wanted.

Additional shelving is also being put up to accommodate the large stock carried by the house.

### Assignment in Lumber.

On Saturday the firm of J. P. Ways & Company, dealers in lumber and coal, doing business at Georgetown, made an assignment to Mr. J. M. Wakefield, of this city, for the benefit of their creditors. The liabilities of the firm are placed at \$15,000, with assets amounting to \$16,000. The firm is composed of Mr. M. E. Ways and son, Rev. W. E. Ways, both former residents of this city. They own several houses and lots in this city which are probably included in the deed of assignment.

### In the Pen.

Chas. Johnson, the burglar, sent for four years for stealing Mrs. Chapman Coleman's diamonds and jewelry; Harry Grant, sent for one year for cutting Bob Green, and Spencer Williams, sent for one year for stealing clothing all of whom were tried last week in the Circuit Court, were sentenced Wednesday and taken to the Penitentiary to begin serving their sentences.

Grant was pardoned by the Governor as soon as he was received at the prison.

### Crop Statistics.

From a statistical table just issued by the Commissioner of Agriculture, we obtain the following: There were produced in this county during the year 1890, 2,102,400 pounds of tobacco, 5,479 tons of hay, 281,424 bushels of corn, 61,484 bushels of wheat, and 49,100 pounds of hemp. The total product of the State, for the year was, 106,912,966 pounds of

tobacco, 370,642 tons of hay, 41,071,822 bushels of corn, 6,979,740 bushels of wheat, 461,529 bushels of oats and 12,445,388 pounds of hemp.

### Wants to Teach in Lexington.

The Lexington Transcript says Miss Lizzie Scott, of this city, has applied for a position as teacher in one of the Lexington schools.

### New Attorney.

Squire John S. Harrod was examined by a committee of lawyers appointed by Judge Warren Montfort, of the Circuit Court, last week, and granted license to practice law.

### Eloped.

Mr. Eugene Scott and Miss Maud Holmes, of this city, eloped to Georgetown on Thursday and were married. The young people are of age, but the parents of the bride opposed the match.

### To Wind up This Year.

According to Mother Shipton's prophecy the world is to come to an end this year, and you fellows who are in arrears for subscription to the ROUNDABOUT want to come around and settle up.

### A Gambling Game.

Clayt. Wood, who was the first lessee of the new opera house in this city, was arrested at Huntington, West Virginia, Sunday upon the charge of running a gambling game at the fair ground. In default of \$250 bond he was locked up.

### Struck by a Tornado.

Campbellsburg, Henry county, was struck by a tornado on Saturday. The depot of the L. & N. Railroad, barns and fences were blown down and several houses were unroofed. No lives were lost but the L. & N. station agent had a close call.

### A Faithful Servant.

One of the turnpikes in this county has had in its service a gate keeper who has been at his post, without an interval, for the term of thirty-five years last March. He has spent nearly a life time faithfully serving this company, and no doubt they have rewarded him for his fidelity—Mr J. Harrison Williamson, of the Lawrenceburg Turnpike Road Company.

### Base Ball Finger.

While playing base ball Monday, in the yard of the L. & N. Railroad, on High street, Henry Woods, a son of the late G. Marsh Woods, attempted to catch a thrown ball, which struck him on the little finger of his right hand, breaking it between the second and third joints. The fracture was reduced by Dr. E. E. Hume, and will soon be all right again.

### Bitten in the Nose.

Little Felix Hauschild, son of the well-known butcher, was lying upon the floor at his home, in South Frankfort, Thursday morning, when a shepherd puppy approached him and he pushed it away with his hand. The dog immediately jumped at him and fastened its teeth in his nose, and could with difficulty be driven off. The wound was cauterized by Dr. U. V. Williams shortly after, and it is hoped Felix will suffer no inconvenience from it. The puppy was killed.

### A Runaway.

Mr. John D. Griffin drove his horse, attached to his road cart, into his yard at the corner of Steele and Campbell streets, Tuesday morning, and left him stand for a moment, when the animal moved the vehicle up against a ladder standing against the stable, which fell and startled the horse, causing him to spring forward and become entangled in the wires of a grape arbor, which so frightened him that he made a dash for the fence and cleared, it taking the cart with him. He ran up Campbell street to Conway, turned came back and tried to jump into the yard again, but Mr. Griffin drove him away from the fence, fearing he would injure his little boy who was running about in the yard. The horse then made another dash up Campbell street, returned and at the corner of Steele stopped and fell, where he was caught. The cart was badly damaged but the horse was not injured.

### Jumped for Freedom.

A negro convict was being brought to the Penitentiary in this city from Louisville, jumped from the east bound C. & O. train Wednesday afternoon, near Anchorage, and made his escape. He worked the same old dodge, on the guard, of going into the water closet and getting out of the window. Mr. George Shaw, who was sitting on that side of the car and saw the negro when he jumped, said he seemed to turn the ground but lit on his feet running. The guard, an old man, seemed to be dazed and did not tell the conductor to stop the train for some time after the negro was gone. He then got off, put a red bandana handkerchief over his head, the negro having taken his hat in his flight, and trudged leisurely off down the track. The negro doubtless is a mile or two away before his pursuer reached the point where he made the leap for liberty.

LATER—The negro, whose name was Peter Reed, had escaped from the Penitentiary four months ago, and had been living in Louisville ever since. He was met on the street Wednesday morning at Squire Hood, in whose family he had formerly been a servant, was recognized and arrested by the Squire, who, in order to obtain the reward, was bringing the negro to this city.

### A Sudden Death.

Albert Welch, a colored man who has been employed as a carriage driver by Judge V. H. Sneed for several years, was attacked with heart disease Wednesday afternoon, while engaged in unhitching the horses from the carriages at Judge Sneed's residence, in South Frankfort, and fell to the ground a corpse. He drove the carriage over for Judge Sneed at noon, as was his custom, and had only returned a few minutes before being stricken with death.

He was a very quiet, respectable citizen, and was highly esteemed by Judge Sneed and wife, to whom his sudden death was a great shock.

### Marvelous Endurance.

The vast amount of labor performed by the heart in keeping all portions of the body supplied with blood is not generally known. It beats 100,000 times, and forces the blood at the rate of 485 miles a day, which is 3,300,000,000 times in 17,280 miles in a life time. No wonder then that so many heart failures. The only remedy for the shortness of breath when exercising, pain in the stomach, fluttering, choking in throat, oppression, then follow weakness, dizziness, or other ailments, swollen ankles, etc. Dr. Franklin Adams' New Heart Cure is the only reliable remedy. Sold by J. W. Gayle, Frankfort, Ky.

### Time Extended.

Monday night the City Council granting the Street Railway Company an extension of time until the first of December in which to build the road. We are informed that in case the company of foreign capital, who have been talking of building the road, do not take hold of the enterprise it will be built by the corporators, who are all home people.

### Started a Paper.

Messrs. Ed. S. and Jas. K. O'Hara, formerly of this county, have started a paper at Trimble, Tennessee, called the Meteor. Ed. is one of the publishers and Jim is the editor. The ROUNDABOUT sends greetings to the new enterprise and wishes the boys abundant success.

### Chronic Diseases.

The course of chronic disease is usually slow and is scarcely recognized by the casual observer, and it is only after such ailments have had possession of the system for months or years that the suffering which they cause cries out for relief. The patient is then but ill-prepared to admit that the disease has been so long rooted, and yet he can fix no time when his disease and discomfort was first recognized by him. The greatest success in the treatment of such disease has only been attained by those specialists whose years and facilities for observation have peculiarly fitted them for the work.

They only are trained to recognize the minute symptoms of structural changes which exist in all chronic ailments. Dr. Hogan has proven by thirty years of unparalleled success that he is to day unsurpassed in treatment of chronic disease. He will be at the Capital Hotel Wednesday, July 1st.

Consultation and examination is free.

Dr. Kelly has now been visiting this city regularly for nearly twenty years, and the many cures he has made of the most obstinate and difficult cases are sufficient evidence of his success. It is now a well established fact that many of the most serious diseases of the bowels, such as piles, hemorrhoids and fissures, are either cured or greatly relieved by the use of Dr. Kelly's Remedy.

FRANKFORT ROUNDABOUT

FRANKFORT, JUNE 27, 1891.

Chapel at the Cemetery.

Mr. Mike Buckley, the contractor, has broken ground for the foundation of a new chapel at the Cemetery. It is to be of stone and will occupy the site of the old house used for so many years by the Superintendent as a residence.

June Meeting.

A big June meeting will be held at Little Flock Particular Baptist Church, near Alton, Anderson county, to-day and to-morrow. Rev. P. J. Lester, member of Congress from Virginia, will conduct the meeting. A large number of people from this county will attend.

Cholera infantum has lost its terrors since the introduction of Chamberlain's Colic, Cholera and Diarrhoea Remedy. When that remedy is used and the treatment as directed with each bottle is followed, a cure is certain. Mr. A. W. Walter, a prominent merchant at Watfessburg, Ill., says: "It cured my baby boy of cholera infantum after several other remedies had failed. The child was so low that he seemed almost beyond the aid of human hands or reach of any medicine." 25 and 50 cent bottles for sale by J. W. GAYLE. 39-41.

Struck by Lightning.

During the thunder storm Saturday morning the large elm tree which stands in the south-west corner of Mr. Hiram Berry's yard, in front of Mr. William McEwan's residence, was struck by lightning, which ran down the trunk of the tree, splitting the bark as with a large knife but doing no further damage.

Public Speaking.

Hon. S. B. Erwin, candidate of the People's Party for Governor, and Hon. M. W. Wilkins, of Kansas, addressed a large crowd at the Opera House on Wednesday evening. Prof. J. B. Secret, the People's Party candidate for Superintendent of Public Instruction, was also present and dismissed the audience with prayer.

Badly Cut.

A man by the name of Whittaker, who lives over Messrs. Aubrey & Williams' meat store, on Bridge street, was cutting wood on the Keaton farm below the city Wednesday, when in bringing his axe down it was caught by a grape vine and caused him to strike himself upon the left ankle, inflicting an ugly wound which will lay him up for some time.

Mr. Van Pelt, Editor of the Crags, Mo., Meteor, went to a drug store at Hillsdale, Iowa, and asked the physician in attendance to give him a dose of something for cholera morbus and looseness of the bowels and found it felt so much better the next morning that I concluded to call on the physician and get him to fix me up a supply of the medicine. He was surprised when he handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He said he prescribed it the best he could get or prepare. I can testify to its efficiency in my case at all events." For sale by J. W. GAYLE. 39-41.

Fourth of July Rates.

On July 3d and 4th the L. & N. will sell round trip tickets at one and one third fare, to all stations except Mammoth Cave and N. C. & St. L. Ry.—Limited to July 5. E. P. BRYAN, Agent.

He Wouldn't Have It.

At last one Kentuckian has been found who does not want an office. His name is Hon. E. H. Taylor, Jr. He writes his friends, declining to allow his name to be placed on the list of candidates for speaker of the next House of Representatives. He is about the size of a man the House ought to select. The officers always, or nearly always, are the best whom the office seeks and not those who seek the office.—Paducah News.

TO DISPEL COLDS.

Headaches and fevers, to cleanse system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs. 1m

Persons living in the country can get bread and rolls fresh every day at M. Busam's. 39-41.

THOSE L. & N. PASSES.

CAPT. JOHNSTON TELLS HOW HE RECEIVED TEN FREE TICKETS.

The Manner in Which the Lexington Conference was Outwitted by Thoroughly Exposed—Purely a Corporation Meeting.

[From the Louisville Post, June 23d.]

As to the manner of getting up the Lexington conference the Post has already published an exposure. It predicted before the meeting that the L. & N. would not only provide free transportation to all who wanted to go, but was basely engaged in trying to drum up a crowd for the meeting. After the conference the Post published the fact that Capt. I. N. Johnston, of Pleasureville, Ky., had been asked to lead a party to the conference and had been furnished with ten passes or free tickets in order that his friends might go. This was denied by both the Courier-Journal and the Times. Here are the denials and the proofs to show how much statements are worth.

From the Times of June 16:

The charge of badgering of those who are fighting for the adoption of the instrument that Col. Walter Evans furnished railroad tickets to a Pleasureville delegation at the Lexington convention is of the character of all the charges and "arguments" on this side. The L. & N. railroad officials challenge anybody to show where a single one of their roads was given to anyone who went to Lexington, except in two instances, where a stenographer was, as usual, allowed the trip pass that he asked for. Col. Walter Evans, who has thought it unnecessary to make any denial of the charge that he got ten tickets and sent them to the Pleasureville delegation, says that he not only furnished no tickets, but that he doesn't know and never heard from such a man, the whole story being, so far as he is concerned, a fabrication.

From the Courier-Journal, June 17:

A ridiculous story, to the effect that Col. Walter Evans furnished ten trip passes to the Lexington conference to a gentleman in Pleasureville, has been indelicately printed in the Evening Post. Col. Evans never furnished any passes and never heard of any such proceeding.

The Post has invited Col. Evans to deny the story, but he has not as yet done so. The reason he has not done so is because the story is true and Col. Evans is too honorable a man to falsify even when in a tight place.

The following letter from Capt. I. N. Johnston, of Pleasureville, tells the whole story:

PLEASUREVILLE, KY., June 22, 1891. W. M. Finley, Editor Post, Louisville, Ky.

Yours of 18th at hand, etc., and in reply would say that from Col. Walter Evans, individually, I have not received any other amount of tickets to be used in going to and from the Lexington conference, June 10, but that I did receive ten tickets for that purpose from Henry S. Tyler, Wm. L. Jackson, Jr., and Walter Evans, Committeemen for that occasion. I also see in the Times, June 18, that Col. Evans or his friends have denied having sent the tickets or the knowledge of this man Johnston. Now in order to set the Colonel as well as this man Johnston right before the people of Kentucky, I herewith send you copies of two communications received from Messrs. Tyler, Jackson, and Evans, the Committee. I think when the following letters will have been read by the voters of Kentucky all will be right so far as the Colonel and myself are concerned. Would you further that if Messrs. Tyler, Jackson and Evans have been imposed upon in these letters, that if they will call on this man Johnston at Pleasureville he will take pleasure in showing them the original letters, that they may overtake and punish the impostor. As a reply to the letters I have received in regard to this ticket business I hope this will be a satisfactory answer.

I. N. JOHNSTON.

THE COMMITTEE'S APPEAL.

The following is the letter sent to Capt. Johnston by the committee which was endeavoring to drum up a crowd for the Lexington conference. It speaks for itself:

LOUISVILLE, KY., June 2, 1891.

Dear Sir:

Those who oppose the adoption of the proposed new Constitution will have a conference at Lexington, at noon on the 10th inst. It is particularly desired that it shall be largely attended by representative citizens from every part of the State, and wholly without regard to political affiliations. The importance of intelligent action on a matter of such vital interest to our future welfare can not be exaggerated, and it is obviously necessary that there should be a thorough organization of all those who believe that the best interests of the State demand its rejection, if that result is to be accomplished. We have been appointed a committee to urge our fellow-citizens in every part of the State to see to it that strong and thoroughly representative delegates attend the conference on the 10th and assist in the work of organization for the contest.

We ask you to assist and promptly to unite with us in promoting these objects. Hoping that you and many others from your county will attend, we are very respectfully, signed,

HENRY S. TYLER, WM. L. JACKSON, JR., WALTER EVANS, Committee.

FIND TICKETS ENCLOSED.

To this letter Capt. Johnston replied, more as a joke than anything else, that if ten free passes were sent him he could find ten men who would be willing to go to Lexington. He immediately received the following answer:

LOUISVILLE, KY., June 9, 1891.—I. N. Johnston—DEAR SIR: We have no passes, but enclose you ten tickets; if any are unused please return them. Respectfully, H. S. TYLER, W. L. JACKSON, JR., WALTER EVANS.

This should settle all controversy and should also indicate very clearly how much dependence can be placed upon the denials of the anti-Constitutional organs.

The Henry County Local prints the following account of the transaction and gives the names of "boys" who went to see the side show:

"A few days before the Lexington meeting, to oppose the new Constitution, was held, Capt. I. N. Johnston, who lives at Pleasureville, received a letter from Col. Walter Evans, of Louisville, asking him if he could not get up a crowd to attend the Lexington meeting. Mr. Johnston is a warm friend of the new Constitution and, at once suspecting the methods being used to get up a crowd determined to find out. So he wrote back that he could get a dozen fellows, if he had free tickets, and promptly by the next mail he received ten tickets to Lexington and return. He went out and drummed up ten boys, everyone of whom is in favor of the Constitution, gave them the tickets and told them to go and enjoy the convention, and we have the word of several of the boys that no one may think we are joking about the matter, we give the names of the parties, and ask any incredulous person who doubts the story to refer to them for its verification. They were James P. Bryant, Henry Hall, Pleas Estes, Oney Hancock, Will Hawkins, David Nash, Prof. Elliott, W. C. Banta, Fletcher Hill and Geo. Mews, all of whom live at Pleasureville, and will doubtless take pleasure in answering any question about the convention. The question naturally arises who wanted those men to attend the convention badly enough to pay their expenses? Was it some patriotic citizen who has the good of the State at heart, or was it some corporation, that is afraid of losing the special privileges which it has enjoyed so long and on which it has grown rich and powerful? Henry county hasn't a citizen who can't answer that question for himself, or who doesn't know that the corporations would not be so anxious to defeat the Constitution, if it did limit in their favor as the Courier-Journal would have them believe. The simple truth is that it places them on equality with other people and under the same law, and that they will move heaven and earth to defeat it rather than give up the old Constitution, which secures them in the enjoyment of their special privileges and exemption from taxation.

### Children Cry for Pitcher's Castoria.

### Sure Winner by 100,000.

Now that the fight against the new Constitution has turned out to be a fight between the frog-eaters and free-pass riders and corporations who do not want to pay taxes like plain people, and all other classes of aristocracy and lottery agents on the one side, and the farmers and other plain people who have to pay their railroad fare and their taxes on the other side, there can no longer be any doubt that the new Constitution will be adopted by at least 100,000 majority. Since United States Senator Joe Blackburn has been announced to speak for its adoption, and Hon. John Young Brown and all the other nominees on the Democratic ticket are understood to be in favor of the new Constitution, the uprising of the yeomanry of Kentucky in its favor has been unprecedented in the annals of elections. All that was at any time needed was that the people—the plain, honest, tax-paying people—should understand that the new Constitution would give them the free ballot, increase the common school fund \$800,000 and stop the free-pass system, and make banks, railroads and all other corporations pay their proper share of the taxes, and in this way lessen the rate of taxation on the people. The people of Kentucky understand now why all the corporations oppose the

new Constitution. They oppose it because it favors the Widow Maloney and other plain, poor people, and prevents the establishment of an aristocracy in Kentucky to eat frogs, part their hair in the middle and ride on free passes, while their plainer neighbors have to pay full fare or walk, and pay nearly all the taxes and bear nearly all the burdens of government. This is about the size of it.

### Mrs. Carswell.

Of Leroy, N. Y., was dying of Neuralgia of the Heart. The attending physician had made his last visit and said there was no possible chance of her living but a few hours. Her son had been telegraphed for from Rochester to come and see her die. At this critical moment an agent selling Dr. Hale's Household Ointment called at the house and told them the lady need not die at that time if she would follow his directions. He was so earnest and positive that the family concluded to try the new remedy and began applying it at once to the region about the heart; the pain soon ceased and Mrs. Carswell rapidly recovered and is alive and well today, and she and all her family says Dr. Hale's Household Ointment saved her. This wonderful medicine can be had at Phil. Carpenter's drug store, South Side.

Our citizens should encourage him with a liberal amount of advertising matter and subscriptions.

#### Is Life Worth Living.

This is a question that would be answered very differently by different individuals. To some living is a pure enjoyment, to others life is a burden. To a man or woman who never feels well, who arises in the morning unrefreshed, with a tired, languid feeling, life is indeed burdensome. This is the result of a torpid liver, inactive condition of the kidneys, a foul stomach, &c. This condition can all be quickly changed and life made happy by the use of the new remedy—Dr. Hale's Household Tonic, the great blood purifier and nerve tonic. It cures all biliousness, constipation, inaction of the liver and kidneys and makes a person feel new. 50 cent packages at Phil. Carpenter's drug store, South Side.

#### Jett.

Copious rains caused the farmer to smile. Rector Crittenden, of Frankfort, is visiting friends here. Mr. William Quinn has a child quite sick. Mrs. Simpson, nee Miss Flora Crutcher, is visiting her mother, Mrs. Lafayette Crutcher, and has been very ill with quinsy.

Mr. R. J. Fogg has a bran new Free Trader, but Trumbo says she can never be President.

The harvest is on. The wheat is seriously damaged in many instances by rust and smut. There will be, however, better than an average crop, notwithstanding the damage.

It is rumored that three of Ducker's most prominent bells will be married this fall, each to an old widower. Surely the Ducker boys must have wives on them.

The reunion of the graduates of Exceior Institute last week was well attended by pupils from various sections of the country. The programme called for a good supper and a big time generally.

The C.J. and the monopolists are making a big fight against the new Constitution, but the people are thoroughly aroused and will likewise make a bold fight. Many of them are eager to wager five to three that it will be adopted with but slight revision. It is reported that both of the State prisons are crowded. We can not be always building prisons, and yet we must find a remedy for this overflow. The question naturally arises, how? Well, the toll system upon the pike has become a nuisance, so let the State or counties buy these roads and keep them in order by taxation. Then, to reduce the number of all minor offenses now punishable by imprisonment in the penitentiary, sentence the offender to a long term of labor upon the pike throughout the year. This will rid us of many of the short term penitentiary birds. In the second place, the General Assembly should pass an act punishing murder, rape and house breaking, stealing, burglary and some other heinous offenses with death, taking all discretionary power from the jury. Thus we can reduce the number of long terms.

#### BULLDOGS.

#### Answer This Question.

Why do so many people we see around us seem to prefer to suffer and be miserable by indigestion, Constipation, Dizziness, Loss of Appetite, Coming up of the Food, Yellow skin, when for 75c. we will sell them Shilo's Vitalizer, guaranteed to cure them. Sold by J. W. GAYLE.

#### A CHILD KILLED.

Another child killed by the use of opiates given in the form of Soothing Syrup. Why mothers give their children such deadly poison is surprising, when they can relieve the child of its peculiar troubles by using Dr. Acker's Baby Soother. It contains no opium or morphine.
